FLEXIBLE BROADBAND RENTALS

Today's business environment is frantic. Emerging technologies have increased the pace of business exponentially. As a result, decision-makers need the flexibility to adapt quickly to change. When acquiring computer technology, those who enjoy the greatest flexibility to change at a moment's notice, are best equipped to ensure success.

At Online Direct, we've combined our in-depth understanding of technology with our expertise in renting and sourcing equipment, and now offer the most flexible options available anywhere-guaranteed.

Examples of Internet rentals for businesses are national conferences, inter branch services, trade show's, start up offices, short term operations, backup solutions should your primary service fail and functions.

To discuss your options, give us a call or email us with your specifications.

BROADBAND RENTAL SERVICES

Online Direct offers a broad range of flexible internet rental options and equipment.

1. Mobile solutions, PCMCIA Cards and USB modems for mobility around South Africa.
2. Shared connectivity options, we will setup a hotspot for you to share the internet connection in an office or conference environment.

What's more, we'll get your internet rental up and running quickly through our delivery and on-site installation services. We'll even provide 'around the clock' support.

SHORT AND LONG TERM INTERNET RENTALS

Internet rentals provide an immediate solution to workload fluctuations, in-house training, business travel, product evaluations and special project needs. We offer a complete range of flexible short and long-term rental terms to corporations, SME's and individuals.

PURCHASE (NEW OR USED)

More and more of our customers have discovered they can purchase their internet choice directly from us. As an internet service provider for all major networks we offer competitive prices on all packages and hardware requirements, but even better, you can count on the same quality products and superior service you receive when renting from us.

The bottom line: It's all about getting the flexibility you need to maximize productivity and profits.

TRADE SHOW BROADBAND RENTALS

We see your requirements fitting into two distinct categories: corporate projects that are often broad in scope, with longer-terms, ranging anywhere from 1 to 36 months and short-term shows/events with specific dates that require precision timing.

INTERNATIONAL GUESTS

Online Direct's flexible short term rental option is perfect for international visitors both visiting for business and on holiday. Keep in touch conveniently with coverage in all major centers. We will courier your modem to your hotel with telephonic support to assist with the setup.

Our objective is to build strong partnerships with all our clients. Our unsurpassed flexibility enables us to manage your internet technology from the simplest requirement to the most intricate demand.
