700 GB	R 29 070.00	R41.53

- Wireless broadband alternative to bonded ADSL and leased line services
- Low contention ratio guaranteed at max 10:1
- QOS on voice calls with option for dedicated voice circuit up to 50% of line speed, cap not affected by voice traffic over dedicated voice VLAN.

Note: All prices are in Rands and are inclusive of VAT.

- Choice of speed from 1mbps to 10mbps and data caps of 30, 60, 100 or 160 Gigs
- Opt in for Data on Demand offering an Uncapped service upon reaching your cap
- Operates in licensed spectrum and frequency ranges for superior quality
- No fixed lines required
- Symmetrical offering - equally fast upload and download speeds
- Perfectly suited for voice traffic OR dedicate up to 50% of line speed for voice
- Provides a static IP address
- Immune to copper theft
- Quick, professional installation
- Minimal contention ratios

WIRELESS BUSINESS ACCESS

Online Direct Wireless Business Access is our Point-to-Point data service which allows you to connect your office to another fixed location for voice, video or data applications. Our point-to-point data circuits are encrypted, secure, always-on connections (24 x 7 x 365).

Unlike VPN connections over the internet, the speeds of our point-to-point links are guaranteed and unaffected by internet user volumes. Our network supports true convergence and Quality-of-Service (QoS) and meets the highest international standards for next generation networks. Our point-to-point data circuit will connect your office to our data centres where you can make use of our many VoIP, SAAS and data solutions, or to your other branch offices, or to your security company for off-site monitoring of your CCTV cameras.

Data circuits are available in 1 Mbps increments from 1 Mbps to 20 Mbps. (higher speeds are available on request). Contact us for unique requirements.

	INSTALLATION	12 MTHS	24 MTHS	36 MTHS
512Kbps	3 933.00	6 156.00	4 558.86	3 705.00
1Mbps	3 933.00	7 923.00	5 643.00	4 558.86
2Mbps	3 933.00	10 830.00	7 296.00	6 064.80
3Mbps	3 933.00	12 768.00	9 747.00	8 441.70
4Mbps	3 933.00	15 504.00	11 274.60	10 009.20
5Mbps	4 503.00	18 012.00	14 706.00	12 312.00
6Mbps	4 503.00	19 824.60	16 872.00	14 345.10

20Mbps	14 250.00	47 880.00	38 304.00	30 666.00

Note: Anything over 20Mbps will be dealt with on a case-by-case scenario

- Wireless access with optical Fibre backhaul
- Uncapped point to point (for internet breakout packages refer to dedicated internet access pricing)
- Full duplex throughput, transmit and receive at same speeds
- No Contention - dedicated 1:1 to the client
- Carrier grade Wireless access hardware
- Voice and video quality assurance
- Installation fees are once off
- Hardware remains the property of the network
- Installation within 3 weeks
- Delivered on licensed spectrum 5.9GHz, 15GHz, 10.5GHz

Note: All prices are in Rands and are inclusive of VAT.

POINT-TO-MULTIPOINT (MANAGED MPLS VPN CLOUD)

We offer a fully managed point-to-multipoint MPLS VPN service for multi-site enterprises. Our next generation network fully supports multi-media applications and Quality-of-Service (QoS). Certain traffic classes are prioritised according to the specifications you provide, based on what hierarchy you assign to your different applications. Some clients prioritise Voice traffic over Internet traffic, or Video traffic over data traffic, and so on. Our MPLS VPN service can be deployed over multiple access network technologies including ADSL, Diginet, Fiber, Microwave, WiMAX, CDMA, Satellite or a combination of these technologies, depending on what you have available at each of your sites. MPLS/VPN solutions are quoted on a solution spec.

DEDICATED INTERNET ACCESS

Our Dedicated internet access offering is available in 1 Mbps increments from 1 Mbps to 155 Mbps (STM-1) over wireless links, and up to 622 Mbps (STM-4) over fibre.

PRODUCT DESCRIPTION	Package	Contract Term	Monthly
Dedicated Internet Access 1:1 50% Local 50% International	1 Mbps	24 Mth	R 7 800.00

- Only available bundled with Wireless Business Access
- Available in 1 Mbps increments
- Uncapped and Unshaped
- Dedicated 1:1 bandwidth
- Voice and video quality assurance
